Omega 3

Omega-3 fatty acids are essential for maintaining a firm, healthy skin. They are major structural constituents of all cell membranes. In skin cells they provide the following benefits:

- Improve moisture-retention.
- Reduce inflammation.
- Make the cell membrane more flexible.
- Improve the absorption of vital nutrients and treatments.
- Stimulate the production of collagen and elastin.
- Prevent skin cancer from UV rays.
- Participate in cell renewal.
- Maintain a protective permeability barrier.
- Reduce the symptoms of chronic dryness, as in eczema and psoriasis.

Omega-3...

fatty acids are basic building blocks of the cell membrane, which mediates all communication between the cell and its environment. When skin cells have adequate omega-3 fatty acids, the epidermis performs normal functions with greater efficiency: regeneration, hydration, removal of wastes and toxins, transport of oxygen and vitamins. Many clients, however, are deficient in these nutrients and can develop skin conditions that include: dryness, inflammation, eczema and premature aging.

Omega-3...

fatty acids are essential to humans because the body cannot synthesize them: it must absorb them from other sources. Shira's utilizes three different forms of omega-3 fatty acids, including: ALA from flaxseed, and EPA and DHA from fresh salmon oil. We also add Vitamin E, an anti-oxidant, to preserve the activity of the delicate omega-3 structure.

Omega-3...

provides a ubiquitous foundation to maintain healthy skin, prevent skin aging, and improve moisture content--without adding oiliness--to both acne-prone and chronically dry skin. Omega-3 essential fatty acids are essential for getting optimal results from your skin and skin treatments.

Omega-3 Purifying Cleanser / Dry Skin

- Balances pH.
- Removes impurities thoroughly without drying out the skin.
- Maintains resilience and moisture with omega-3 essential fatty acids.

ACTIVE INGREDIENTS: Vitamin E, Vitamin A, Green Tea Extract, Omega-3 fatty acids, Omega-6 fatty acids.

Omega-3 Toning Pads (60 pads) / Dry Skin

- Maintains optimal pH balance and a clear complexion.
- Ensures thorough cleansing and freshness.
- Empowers skin cells to respond optimally with omega-3 essential fatty acids.

ACTIVE INGREDIENTS: Chamomile, Lactic acid, Omega-3 fatty acids, Omega-6 fatty acids.

Omega 3 Velvet Moisturizer / Normal to Oily Skin

- Controls oil production in the skin.
- Soothes and cools the skin.
- Exfoliates scarring from acne to smooth the surface.
- Promotes optimal hydration and cell renewal with omega 3 fatty acids.

ACTIVE INGREDIENTS: Omega-3 fatty acids, Omega-6 fatty acids, Salicylic acid, Rosemary, Tea tree oil.

Omega 3 Firming Serum / Normal to Dry Skin

- Fills in fine lines around eyes and mouth.
- Smooths out the skin surface.
- Forms an excellent base for make-up.
- Repairs skin damage with omega-3 fatty acids, vitamins & natural oils.

ACTIVE INGREDIENTS: Omega-3 fatty acids, Vitamin-C Complex, Vitamin E, Vitamin A, Natural essential oils, Omega-6 fatty acids.
