EXCAVATOR ROUND EDGE WITH BLACKS FILE

RECOMMENDED FOR: Technicians who want to offer superior pedicure services with reusable implements and avoid the cost of one-time use tools.

BENEFITS AND FEATURES

- ☞ Made with high quality, medical grade Solingen stainless steel. Size: 13cm
- ☞ Excavator with round edge effectively cleans debris from nail groove and under free edge
- ☞ Excavator with small, smooth head makes it easy to reach tight sidewalls, and clean-up nail debris
- ☞ Blacks File with narrow, double-sided head helps in non-invasive removal of sharp edges and spicula
- ☞ Ergonomically textured grip of the implement allows for easy use
- ☞ Included in the **Footlogix 4-piece Precision Implement Kit**
- ☞ Highly durable and long-lasting implement*

HOW TO CARE

- ☞ Clean with mild soap, water and use a soft brush to remove skin debris
- ☞ This implement can be sterilized or disinfected

*Implements warranted for life against manufacturer's defect. Void if dropped.
