

Nutriburst Peptide Day Therapy

Restore youth and vitality using active peptide therapy! Shira's Peptide Day Therapy uses advanced technology to keep your skin hydrated and healthy throughout the day.

Active peptides help to regenerate new skin cells which aid the production of Collagen and Hyaluronic Acid to keep skin firm and plump. Keep skin firm, plump and radiant!

Nutriburst Night Renewal Therapy

Rejuvenate your skin using Shira's advanced resurfacing night therapy. Glycolic Acid helps repair sun damaged skin and accelerates regeneration in the skin's deeper layers for a healthier, more radiant and smoother complexion. Lipid encapsulated peptides aid with deeper hydration for proper barrier function and plumper skin. The combination of Glycolic Acid and Peptides works to replenish new skin cells to help firm the skin and reduce fine lines and wrinkles.

Nutriburst Youth Booster

This potent, anti-aging booster is infused with highly active antioxidants that nourish the skin's deepest layers. Vitamin E helps to repair signs of UV damage such as fine lines, wrinkles, and rough skin texture. This powerful serum enhances moisture levels in the skin using Hyaluronic Acid which also visibly firms and plumps the skin. Active marine botanicals increase cell regeneration to help produce new collagen and healthy skin cells for improved skin tone and firmness. Peptides increase moisture, improve barrier function, and help produce collagen. Skin will look youthful and plump!

Nutriburst Resurfacing Booster

Have clear and blemish-free skin with Shira's new Resurfacing Booster. Our booster penetrates to the deeper layers of the skin targeting acne break outs, black heads, and acne scarring. Cinnamon contains natural antibacterial and brightening properties to clear blemishes and help to reduce acne scarring and dark spots. Vitamin A also helps to heal active break outs and reduce acne scarring. Peptides help maintain healthy barrier function to keep breakouts at bay. Skin will look and feel soft, smooth, and fresh!

Nutriburst Illuminator Booster

Reduce signs of sun damage and skin discoloration with Shira's Illuminator Booster. This highly active skin boosting serum utilizes the most potent compound of the turmeric root to penetrate into the deeper layers of the skin to help brighten the skin complexion and reduce hyperpigmentation. Other highly active antioxidants help to repair and protect the skin cells against damaging UV rays to prevent future sun damage. Peptides maintain healthy skin cell function so the skin can defend itself against environmental damage.

SHIRA

NUTRI*BURST

A double burst of nutrients
for powerful results!

SHIRA NUTRI-BURST

A double burst of nutrients for powerful results!

Nutriburst represents the vanguard of skincare today. Boasting a unique encapsulation technology to transport ingredients such as Peptides, Antioxidants, Hyaluronic Acid and Alpha-Hydroxy Acids into the deepest layers of the skin, this innovative product line offers luxury from the very first pump!

Our unique dual-chamber system allows for a powerful, targeted combination of ingredients including Retinol, Vitamin C, Caffeine, and Probiotics, creating a synergistic effect which delivers exceptional results!

Multi-functional formulations provide advanced anti-aging and brightening benefits for your skin, improving fine lines and wrinkles and revealing softer skin. The addition of Peptides improves barrier function and provides further anti-aging results. One vial of encapsulated skincare mixes with one vial of clinical ingredients for increased efficacy and long-lasting improvement for the ultimate experience!

Nutriburst Age Defense Power Duo

Defy aging skin with this high dose antioxidant serum! Encapsulated Resveratrol, a potent antioxidant, helps to reduce fine lines and wrinkles and increase skin firmness. This serum is formulated with an extra boost of Vitamin C to help brighten the skin tone, improve collagen production, and skin elasticity. These two power-players work together synergistically to help repair free radical damage so your skin will be able to protect and defend itself against environmental skin stressors. Your skin will look and feel healthier with a youthful and radiant glow!

Nutriburst Glow C Power Duo

Restore your skin's radiance with essential nutrients and antioxidants! Vitamin C helps to repair signs of sun damage for brighter and more youthful skin. Omega 5 Fatty Acids contain anti-inflammatory properties that help to repair barrier function and protect the skin cells against free radical damage. Vitamin C and Omega 5 Fatty Acids work together to maintain the skin's moisture barrier for long lasting hydration, and help to improve skin firmness and elasticity. Skin will feel rejuvenated and plump, with a natural youthful glow!

Nutriburst Retinol Power Duo

Visibly reduce fine lines and wrinkles with specially formulated Retinol! Encapsulated retinol penetrates the deeper layers of the skin to induce collagen production for firmer and smoother skin. Combined with Hyaluronic Acid, skin will also feel more hydrated and plump. Your skin will look more rejuvenated, youthful, and radiant!

Nutriburst Clear Skin Relief Power Duo

Your solution for clear and glowing skin is here! Using advanced technology such as probiotics for oily and acne-prone skin types helps to maintain an optimal environment for good bacteria on the skin to help ward off the bad acne-causing bacteria. Mandelic Acid, a gentle Alpha Hydroxy Acid, helps to decongest pores, control oil production, and lighten acne scarring. The combination of both active ingredients helps to reduce inflammation, leading to fewer acne breakouts and clearer skin. Skin will feel fresh, smooth, and look radiant!

Nutriburst Lift Therapy Power Duo

Have visibly firmer skin with the help of Caffeine and Vitamin C! Caffeine contains an abundance of antioxidants to reduce inflammation and puffiness on the skin. It also helps to brighten and tighten the skin to reduce fine lines and wrinkles and revitalize tired looking skin. Vitamin C also brightens the skin and improves skin elasticity for more supple and plumper skin. Both powerful ingredients, when combined, greatly improve collagen production for a completely rejuvenated complexion!
